Isn't that  
exactly what you  
wanted to say?

That Aro and the  
thief worked  
together to rob  
our store?!

Why are you  
getting angry? I  
didn't say that!

IT'S BECAUSE ON THAT DAY,  
YOU LEFT AND BY HERSELF  
SO YOU COULD HAPPILY LEAVE  
THE STORE, AND NOW YOU'RE  
NOT EVEN ADMITTING THAT YOU  
DID IT! YOU IDIOT!

HEY~!

But no matter how  
you look at it, even  
though their movements  
weren't smoothly  
connected, it seemed  
weird. How could the  
store be robbed right at  
the same time. Are was  
left alone...

Well anyway... the  
officers in Po-  
Chang will know  
what to do when I  
tell the truth.

Yeah,  
you're  
right...

But try to keep  
out your reasoning  
and thoughts!

I don't want the  
store to get  
noisy because  
of you!

Then this about  
your sister-in-law? I  
wonder why you  
didn't find her  
there would be a  
mistake when  
you left?

Until,  
I'm back.

Are these  
boxes as  
jewelry?

It's not all of it but... I  
was able to purchase  
boxes that could replace  
the fine empty  
monks' boxes.

Good, what a  
relief. Bring the  
packages to the  
work room.

At least  
this...Yeah  
that would go  
nicely

Mr. Choi. What  
should we do  
with the incident  
concerning the  
fabric?

I know what you  
mean. No matter  
how hard I try to  
think it over, I can't  
find a solution

We can wait for the  
cloth merchants, but  
even if they start  
making them now, I  
doubt it'll be done by  
four days...

SHOULD WE GO AND TRY  
ANOTHER SHOP? HOW LONG  
WOULD IT TAKE TO GO BACK  
AND FORTH?

WHAT IF THEY DON'T HAVE  
ANY? SHOULD MY JEST BE  
THE LEFT-OVER FABRICS THE  
MERCHANTS HAVE.

HAVE SEE IF MY SON  
APPROVE IT?

Yes

Hui-Kang  
Lena

Officer Choi  
is here—

Ah, Officer Qian. What a coincidence, Dehong just came back from Po-Chung, did you perhaps come because of the incident.

Ah, no.

Oh yes, I have a few questions left for Aro to come to Po-Chung on your way home.

Since Aro is originally a child who doesn't speak much about herself, there isn't much that I know.

Her parents passed away, and she doesn't have any family members remaining, so I am assuming that she had a difficult childhood. But, why are you suddenly interested in Aro?

Do you know anything in particular about Aro. Maybe information on her background, or any records before coming to Lingnan.

Well, there are a few suspicious events.

However Miss Hae-Kang. Along with the work from before, don't you think that you are admitting employees too easily, without knowing about their past history?

I feel that the background of a person isn't really important.

That might be a different case, but, I know that I have little knowledge about Officer Dae's background as well.

You didn't come for me, right?

I don't know anything about your family nor your history before coming to Ulgene.

However...

I believe that you are a wonderful person who receives a lot of respect and trust.

Moreover, it is not because you are a nobleman or a public official.

While staying with us, Aoi has been gaining our trust for the past 2 years. I can guarantee that she is a child worthy enough to be treated

I understand that you are doing this for the investigation of the incident, but I would like you to clear your misunderstanding towards Aoi

But, Miss Hori-Kang...

Oh my! It looks like I've talked too much. Even though you are so busy, I'm sorry

Hey Hsiao-Kang,  
something happened  
between you and Officer  
Choi when you went to  
the capital, right?

YOU, YOU? JUST PRIORS ARE A  
MOMENT SO SOMETHING DID  
HAPPEN?

The  
capital,?

No wonder the  
atmosphere  
was different  
between  
those  
two!

But, it  
changed when  
they left the  
capital

IS IT POSSIBLE THAT  
THE TWO BOYS  
RICHARD-DRIVER COULD  
WENT TO A GROUND?

TRANSLATED BY KOFI, EDITING BY A THOUGHT PROUDLY MEANS TO BE UP TO THE STANDARDS. ALL ARE FOR A BETTER FUTURE OF THE WORLD AND THE WORLD OF THE WORLD.

We are keeping an eye on the black market. Therefore when the store arrives I will be able to inform you immediately.

Then we will be able to quickly find the merchant who possessed it.

The black market is also being targeted by the Po-Chang, so we must find the thief before they do. Is this possible?

Of course, compared to the Po-Chang we have the upper hand. Please do not worry.

Then, I shall trust you. You may go.

Yes, Sir, and one more thing...

The "second" young  
master asked to send  
his regards to the  
youngest master. Now, I  
will take my leave...

Young  
master...

I thought I told you that  
I don't like to be in the  
debt of my older  
brother? Do it right.

Yes, young  
master.

I feared that the  
thief was one  
person, is this  
true?

Yes, I only saw  
one person

Do you think that  
person moved in the  
store as if they knew  
the layout well?

I'm not sure, I  
was too scared  
to see.

Please tell me how  
exactly that person  
went quietly before  
you came to Legend?

I moved here  
and there every  
two months  
or so.

Then can you  
contact anyone you  
lived with before...

OFFICER  
CHOI

THE MISSING ITEMS  
HAVE APPEARED! THE  
TWO IS BEING CHASED  
RIGHT NOW IN TS-  
CHING!

LET'S GO!

YES!

YOU MAY LEAVE  
NOW AGEE

STOP RIGHT  
THERE!

We are  
going to  
help you

We lost  
the thief.

Moreover, because we  
can't prove that the  
stolen market is from  
your shop, we want  
only able to retrieve  
these. I am sorry.

No, no~ we didn't even  
expect you to find any  
of our merchandise, for  
us. Thank you

We are still searching for  
the thief. There are also  
officers who have been hit  
hard, so we will be able to  
catch them soon

No, it is alright  
Officer Choi.

We are satisfied that you  
were able to find at least  
some of our  
merchandise. I want to  
forget this thief incident as a  
passing problem, and just  
focus on the important work  
in the future.

So Officer Choi, you  
should also forget this  
incident as well.

I  
understand

However, amidst the  
crisis in Po-chung  
duy. The victim cannot  
suddenly ask for the in-  
vestigation to be postponed!

Except, I will keep  
in mind that Miss  
Hui-King would  
not be anyone's  
troublesome  
events.

Then for now-  
Gale I shall  
take my leave.

Good-bye.

My dear Hui-  
King, what do  
we do now?

We need to cancel the orders that can't meet the delivery date, and send letters of apology.

Then almost all of the orders we made won't make it, what should we do then...

We probably need to start over again.

Since we couldn't follow the delivery date that was promised, the trust from our customers is declining, thus we need start over and work harder than ever.

Maybe I should  
go back to the  
clothing market.

There's  
nothing.  
Don't go.

I think we  
have a  
customer.

He... don't they  
say that the  
door is closed?

But now that we  
can't sell abroad,  
shouldn't we at  
least keep count  
of our regular  
customers?

ALL THIS HAVING FUN  
SHOULD BE OUT AND HELP  
US!

Sorry, business is  
slow...

Ever Yong-a acts  
like Hor-Kong  
always getting at her

Excuse me, at  
this place...

HA-BA-BA!  
WHA-BA-BA! PLEASE  
COME OUT FOR  
A SECOND!

THERE IS  
SOMEONE WHO  
CAME TO SELL  
FABRICS!

This person  
here...

Aren't  
you...

Yes. It's me,  
Byeo Ja-an.

Long time no see,

I'm impressed to see  
that an old schoolmate

instead she King  
redrafted her  
career toward

By the way, your parents were against you becoming a designer, and you were always worrying about that while attending school.

Did they...  
not...

you already a  
designer?

You're right, I am a

That woman she's  
still having issues  
with her parents...

Yeah, of course.

Then lets get to the main point.

And... that will be the main point.

Here. This is the list of fabrics we need.

How much are you preparing?

Yes. I can probably prepare almost all of these fabrics. Of course, I'll have to check to be sure.

What?  
Almost all?

Yes, in fact—

He was working for a big robbery group called Yichen whose base was located in North of Mount Boyin.

Yichen gang was completely dispersed after the subjugation against them that happened 5 years ago. However small number of these scum managed to escape, and he must be one of them.

This here is the face of the suspect.

After the incident, he might have joined another criminal organization but there is no records of his activities since. He probably is barely making a living by pilfering.

To be honest, it's really okay to find where a petty thief is hiding. But strongly, there is no way to trace the one.

For now, all we can do is to wait and see.

Also this might be a suggestion,

but according to our investigation, after the 10 of minutes with search the Hokkaido, he seriously suspected the person is a thief and. How can the only trace?

Okay, well do so.

This is my share from  
Miss Jin Ahn Ryah.  
Please take it!

Hee Kyeong, it must be  
the fabrics

Wow! These are nice!  
Aren't these better  
quality compared to  
what we usually use?

Are these  
really worth  
this much?

It must be  
highly experi-  
enced.

But how did your friend possess this large amount of fabric?

I am curious about that too as I asked her, but she wouldn't reply.

Also, these fabrics are mostly used to make undergarments. That is strange.

What about the "thing"?  
Something's sure fishy about this.

His tea is rather-

Yeah, he  
looks very  
weak...

There's

there...

Even so, he is the

But incident-

a little better  
too.

In former days, he was  
forbidden from doing  
anything, warning  
that it might damage  
his clan position.

It was so noisy when Jin Mu first came here.

I was really shocked. I remember peeking at him while he was checking the records here too.

How you're just contradicting him?" He is.

Maintaining a low profile, yes... I guess you are all that it takes to be good at it too.

To be honest, I don't think Jin Mu is that handsome...

WHAT'S WITH HIM YOU?

HOW IS HE YOUR STANDARD?

IS THE CRYING BECAUSE THE HANGLING IS A DISGRACE?

BACK UP AND GIVE HIM A SHAME!

THEY'RE NOT WORTH IT!

This is good, like

lightly.

Alright. As Ma and I will

All  
finished.

Good work.  
Let's go back  
home.

Jin Mu... do you want  
to trim your hair?

It must've been a while  
since you cut your hair. It's  
damaged quite a bit~ The  
weather is getting hotter,  
so why not cut it short and  
light?

Would like that,  
Please cut it as  
truly short!

WHAT? YOU SAID

EXTREMELY SHORT!  
FOR NOW! THIS  
ISN'T YOUR HAIR!

I thought you look  
quite easy showing  
your nape.

Why? You  
don't want  
that?

Of course you don't  
just leave it up to  
me! Although  
you'd look great in  
my style ♡

So you want  
get a new  
style on me?

It's not  
what I  
want, but  
I'll do it!

Would you like  
one? Your skin  
is so soft!  
I'll make  
one for  
you!

Please give  
her one!

What's up with  
taking a new  
style when  
we're so busy?

You're right. While we're  
very busy, I'm still giving  
you my effort and con-

and just do it, okay?

Hey everyone,  
we're here—

What?

You should do so,

Surprised?

Ah~ Of course I am. But  
is it possible, that you  
were purposely trying to  
surprise me by quietly  
preparing an unexpected  
business, right at the  
center of Lingerie?

So is this the new,  
advanced kind of  
business practice  
they have abroad?

You don't have  
the right to  
decide that for  
Ja-mi.

Of course, it's my right.

Have you come out?

It is an obvious decision for us, to open a shop in Lingerie, the center of fashion.

It is because you had an easy business so far, that you can think that way.

For Lingerie, a place crowded with fashion related shops, shouldn't there be at least one or two rivaling companies against the industries that sell similar merchandises?

Nice to meet you. I

I am Min Hoo-Kong.

By the way, let me tell you.  
Before we entered Lingens, I had  
my informers do some research  
on Matsuda's real company, but I  
couldn't believe what they told  
me!"

In their report, they said that  
despite the fact that your  
workers produce a large amount  
of clothing in Lingens, it seems  
that you don't even have a name  
to address yourselves.

That's not true...Is it? To  
not have a name for your  
group?

You're telling me  
he's the president?

It looks that way. But,  
what do you think  
they're talking about?  
Hwa-Kang Unn doesn't  
look so good...

Well, there aren't  
many conversations  
that you can simply  
smile to, don't you  
think?

Oh, I'm sorr...

HWA?! MISS JI-HWA!

Ah...Ga-Bil

Anyway, that place was really large.

I think there were even a lot of different items...

Plus, I took a peek at the price tag and it was really cheap too.

Really, that president...

Officer Choi! Did you know that there it is now and big legends start over there?

We were just coming back from its opening party!

Until the invitations for the opening party came we didn't even know, well who would've known they would be a new store?

The president came from abroad, and is really wealthy. This is a really bad situation, Officer Choi...

Elder, I am very sorry but...

Since I will be on my way to Po-Chang, I do not have the time to talk for long.

Then—

I just felt something odd, maybe that's because of my sword!

Come on, the lord he's leaving because he's busy—

Ah~ So, this sound is the  
sound of a fly moving

There's no more

hojo bianwa cane

Too

Look at

I'll organize

If you are going to

**YOU SCARED ME! WHAT ARE YOU  
DOING HERE ANYWAY?!!**

A roadside store in a corner, where people don't ever come by unless they have a reason... I didn't even care if people called this place a cottage that's slowly falling apart. I was full of pride because I knew I was confident in making good lingerie and serving the customers, and that was all I needed.

During that time, Lingoni was guaranteed to be part of my store... so I felt at ease and began to concentrate in only exporting my merchandise abroad.

But, I understood now. That was all an excuse, the real reason was because I wasn't good enough.

Plus, to have such pathetic informers, who didn't inform *me* about a man I didn't know I would love, right in front of my nose... an amateur from

Why...why is she talking *me* this,

is the thing she wants from *me*... words of comfort and advice...?

Oh...he was a pro in that major...what should I do...

Hey, Min Hae-Kang.

Why are you not acting like yourself, sitting in a dark corner, and mumbling to yourself? The fight starts now, but why are you being intimidated already?

An intruder from the country? When you were in the capital, did you know that I was someone who could eat palace food?

Seeing someone like you, you didn't seem that easy. You looked like...

a perfect, firm, cold-blooded human!

I'm telling you, a person who is able to sell her own brother for profit shouldn't act like a naive country person.

No matter what kind of situation occurs, you need to stand up straight, man! You were able to get that workshop because you sold your brother, but you think you can sit down now?

But saying that, it's going to be difficult if you cling onto him too much either. You need to be nervous, but keep calm at the same time. Yeah, why don't start thinking that way? If it doesn't work out after trying, just marry him. The things I'm telling you now are not merely thoughts but really realistic suggestions.

Following up, seeing this as the conclusion, I believe that in the future you shouldn't avoid Officer Owa too much.  
HA HA HA HA HA HA

HOW DO YOU WANT

Why is Hsiao-Kang

poking on Jin-ru?

What are you trying to  
accomplish this time?

We're  
leaving now.

Let's go  
together—

Where are  
you going?

I'm just going to  
get a breath of  
a fresh air.

Don't you think  
it's too late?

Where are you  
planning on going?

I came to inform  
Miss Hao-Kang  
some information  
about Nianze.

Ah, we were just leaving  
now, and Hao-Kang Uru  
was planning on taking a  
walk myself, so you  
should go together.  
Have a nice talk.

Good-bye—  
Hope you have a  
good time.

The "Schell"  
family?

They are considered as the rejected family from a nation abroad. The head Schell, Corrado and several of his children at average competence, they are well known as the family that possess multinational businesses.

However, this family not only takes part in the business world, but also in crime. The store that opened recently, Miss Hite-Kang's civil company's president is heard to be Corrado's seventh son.

Although the scale of his business is still small, it would be best to keep in mind that in the future, he will require an alarming amount of resources.

The first that Missou's president is related to a criminal organization was confirmed by a member in the Jaku family. In the near future, the Po-Chung will do our best to keep an eye on Namis.

Thus, they will not be able to perform inappropriate actions as they did to their nation. Of course, I'm not sure if they will do Miss You-Kang any help...

No, no. You are already helping me a lot already. Thank you for the interesting information. You, Officer Choi and the Po-Chung lands are really working hard for the sake of Linguric.

?

Miss You-Kang—

I'm not doing this job simply because I am the chief of Po-Chung.

I'm doing this as a man  
who holds Miss

Therefore  
in this situation...

I have heard

JUST HOW LONG  
WILL THIS GO ON, PLEASE?

IF THIS KEEPS CONTINUING,  
WE REALLY ARE GOING  
TO GET CLOSER BOWIE!

That  
surprised me...

Though, it's  
only right that we  
have free days like this,  
after having days of  
working all night and  
never going home.

Yeah... You're so  
lucky to be that  
carefree! Being able  
to have your mind at ease  
is good! But do you think  
it's good to be free  
in this risky situation,  
without any work?

Then let's go.

Let's go to  
Kiliman. We don't have  
any customers and we're  
starving, so why not  
take a gamble that doesn't  
break. You know what  
they say, if you know  
the enemy, victory is  
in your grasp.

The two of us  
will go, so you two  
watch the store.

Oh yeah.

Okay.

Really?  
How is it compared  
to that shop  
at the corner?  
Are they good?

Well, first of all,  
they are cheaper than  
the other shop, but you  
can't really say which  
is better since they're  
really similar.

Come on.  
If you ask me, I think  
the cloth from the original  
lingerie shop had a much  
better quality, don't you  
think? The service  
afterwards was  
good too!

Since you're going  
to put that lingerie on  
your body, isn't it obvious  
to buy those in good quality?  
Also, there's even a saying  
that cheap things  
will cost you dear.

Ah,  
Thanks

Ah, well.  
That's true...

But customers also  
would like to enjoy  
cheaper products.

In addition,  
because Nitrado  
is at the center of  
Lingerie, it's easier  
to approach  
as well!

Plus, there are  
various designs of  
merchandise that since  
it's not custom-made,  
people don't have to  
wait a long time  
to wear it.

Also, the  
interior is pretty  
and very modern,  
the displays are  
also well done.

From what Gobi and I saw, this situation isn't a regular business opening, or something that we can just sit down and watch.

First of all, that shop and ours have a large difference in scale. You can't compare the amount they produce every day, to the amount our shop produces with seven workers!

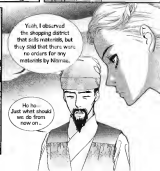

Rua, I heard that they don't make their merchandise from the materials produced in Ulsan, but transport good quality cloth from abroad to their shop.

Really?

Yeah, I observed the shopping district that sells materials, but they said that there were no orders for any materials by Miran.

Ho ho... Just what should we do from now on...

I'm going  
to open a new shop  
in this portion  
of Lingens.

It is all a location  
where customers can  
easily come, and it even has  
a good name. With services  
and merchandise specially made  
in our store, there will be  
a definite difference with  
our rival Nohoro, achieving  
victory will only be in  
a matter of time.

But  
Um...

Yes...  
You're right.

Hojo Denhwa

The biggest  
problem is...

They will need  
a lot of funds.

From the export  
problem they are already  
in a difficult situation, anyhow  
their workplace was a small  
scaled one, and if we were to  
fight them with all our strength,  
it means a disgrace to our  
great industry.

That's true.

They can't  
complain

A black and white manga-style illustration of two women in a hallway. One woman is standing and looking towards the other, who is slightly behind her. They are both wearing elegant, patterned dresses. The hallway has a tiled floor and a doorway in the background.

However,  
are we going to  
continue using materials  
and fabrics from  
Daegook. The income  
is quite costly.

A large, detailed black and white illustration of a woman's face. She has long, wavy hair and is looking slightly to the side with a serious expression. She is wearing a necklace with large, round beads.

Of course.  
Using the man-  
ufactures we make  
in Narnia, from the  
perfect materials  
brought from  
Daegook, we will be  
able to take  
over Lingona.

A black and white manga-style illustration of a woman sitting on a wooden bench. She is wearing a one-shoulder dress with a patterned bodice. In the background, there is a small, ornate structure that looks like a shrine or a small house.

But this is  
going too overboard!  
I wouldn't have said of  
you just used the  
materials but did you  
have to bring people  
from Daegook  
along with it?

A black and white manga-style illustration of a woman's face, partially obscured by her long, dark, wavy hair. She is looking down with a thoughtful or slightly sad expression.

How are  
we supposed  
to be capable of  
handling out their  
salaries.

The day before...  
Didn't Officer  
Choi come by...?

He? Ah, yes.

But why are  
you suddenly talking  
about Officer Choi,  
father?

Well...  
It's just that I want you to  
stop suffering from the shop's  
problems... Officer Choi seems  
to think of you dearly, and I think  
by marrying him, it would be  
good for you, and I'll be  
happy with it too.

NTBC!  
WHAT ARE YOU  
TALKING ABOUT?  
I'M NOT IN THAT KIND  
OF RELATIONSHIP  
WITH OFFICER CHOI

There's no  
doubt about it  
that father... for we  
said something  
to father!

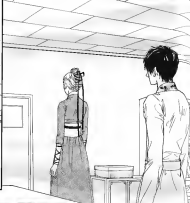

THAT...

THERE'S SOME  
NOT...

Then  
I'll leave for  
some sleep.

Good  
night.

Rest well.

Ha! I'll no longer  
run away! Just try  
and yell at me!

I'll no longer  
be scared of you  
again!

I'm going  
to go back... and get  
some sl. sleep too!

Thank you,  
she said!  
could be...

Ar-mu!

Hey you,  
from now on,  
don't go telling people  
unnecessary things  
about me!

hojo anhwasecans

That was  
something unnecessary?  
I told you before. To you,  
being with Officer Choi  
is the most realistic,  
best possible solution

How can marrying Officer Choi be a realistic solution to me?

Well...

If you marry someone with capable abilities like Officer Choi, you'll be treated like a rich mistress and never have to worry about money. You'll live a life of shopping every day, going out with friends, and flower viewing.

Not to mention, if you don't want to get up working in the shop, you can always work here as a part-timer after your marriage. There won't be any problems like now, that you'll get worked over about, don't you think that would be nice and sweet enough?

Sure, but then why  
is it that you don't  
want to return to  
the comfortable  
and kind *otōgaki*  
place?

Laundry clothes,  
delicious food, a clean room ...  
You can't even compare  
that to working in a lingerie  
workhouse as an *otōgaki* boy.  
If you think of reality.

Of course,  
I know that there's  
no need for you to  
really think about my  
problems. It's someone  
else's problem, so it's  
obvious that you  
wouldn't really care.

However,  
I would like you to not  
speak so highly about  
the work we do for this  
shop. Better or not,  
you're also a worker  
here and a customer  
who will make our  
merchandise.

In the future,  
we will... have to  
go against an opponent  
who is far beyond our  
reach, and win.

So I need  
your help. Please.

Lingerie

Oh, hi -  
Hae kkyung

You seem to be in a  
hurry, you  
must be busy.

But since  
Officer Ohi leader is here,  
want to have a cup of tea  
together? I heard that you and  
Officer Ohi know each  
other well.

Huh?

I'm sorry,  
I have been carried  
away by my old  
friend's love talk.

Oh, what's  
up with her putting  
her arm around him  
like that?

About 30 years ago from now, around the time when the undergarments were just clothes sewed together,

A man introduced the world to beautiful and new undergarment. And he was the first lingerie designer Mr. He. So

His first undergarment went a step ahead of lingerie and made the person wearing it beautiful as well.

With experienced staff's continuous study in different aspects to satisfy the guests, which led to huge success, and recently they have also been exported.

However,  
during this time,  
dark clouds were  
forming...

My lady,  
I couldn't bear listening from

to sully your and  
interfere.

What. Since when  
and where was this  
portion before she  
appeared out of  
nowhere?

SHUT UP!

© 2010 Shueisha Inc.

At least you'll feel good if you donate to poor. If we lend it to them, it's obvious that they'll waste it. So, this is meant they're trying to cheat off you.

WHAT  
CHEATING  
ONE

Don't be troubled by their words. They'll never be able to stand up against the "Nemoto". They're destined to fail.

Gabi!  
Calm down.

Personal opinions may differ, but this is a bit too rude.

Yes, doctor cheating off, that's a bit too inordinate.

Mis, please understand my feelings, I was just telling you my opinions so that misa won't lose so much money because of them.

But, I do apologise that I went a bit overboard.

But... you're not gonna leave?

If I go, it's almost that you'll start becoming her behind you people mean!

I don't get why your doing that! It's Mis's choice to find us the money or not!

You're trying to invade the mistress into making the wrong choice!

Why are you speaking in such way! How, some trait in your mouth that turns up there.

Remember last time  
when we worked hard to  
help you in your marriage  
ceremony.

So can you please  
help us this once  
and be our strength.

If it's going to be like this, I'll try to predict what's to become of their store.

After I tell you my predictions, then you can decide. You know that my predictions are always correct, right?

Yes.  
Of course.

But...

No wonder. I am also experienced in predicting as much as medicine.

It won't make a false prediction.

The future never takes anyone's sides, and so will be my predictions.

If the predictions are bad...

Let's just wait. We shouldn't start saying "if," yet. The prediction might come out good. And even if it's bad, we can still persuade the mistress, if that doesn't work, we can find another investor.

Anyways, how's the rare stone placement going to be?

Ah... well there's a problem...

What now?

Sigh. There are always problems to our ways.

They all said that they are not going to give us the stones we have chosen. I think Horace did something...

WHA?

Heaven, it's an impostor.

It's suffocating. I'll go out to get some fresh air.

I'll go out too.

What, is our mission to stop?

We still have to talk.

That's impossible.

Wait, wait. They're doing this and that, don't you think we're not doing any help to them?

What are you saying!  
When I first opened  
the lingerie store, I  
suffered more than  
them, not less.

And right now,  
I'm coming up with  
new designs to beat  
the Nimesse's. How  
dare you say such  
things!

But, you! How  
come you're not  
doing anything!

Then... the  
only weakly!ed  
worker's me...

Why are  
you being like  
that, not doing  
anything?

One thing you  
want to accomplish

A goal that you're  
striving for

Just thinking  
about it gives  
you hope

Makes your heart  
skip a beat

Do you really  
not have one?

No...

Probably...

Find it! A man  
who has a  
goal.

No one will be able  
to look down on him.

If you stay like that,  
one day you'll be beaten  
on up by Hao-Kung.

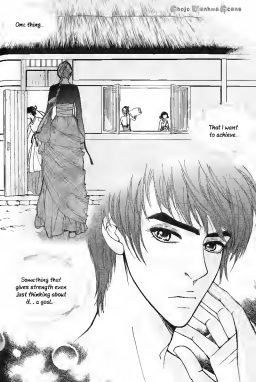

How long will it take  
like you be able to  
live like that... Sigh~

One thing...

That I want  
to achieve...

Something that  
gives strength even  
just thinking about  
it... a goal...

And it seemed you have  
been having problems  
with getting the stars...

Wow...  
So talented!

YOU'LL KNOW THAT  
IF YOU DO JUST A  
LOT OF WORKING

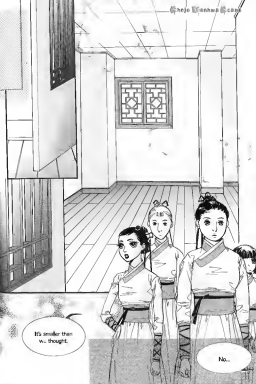

There's an empty  
store there, so just  
go in there...

and lets  
talk in details  
later...

The, then,  
I'll be going yes...  
they'll succeed... they  
probably will... because my  
prediction says so...

Thanks,  
mysempo!

Goodbye!

It's smaller than  
we thought.

No...

It's perfect.

We're going to  
start now here.

I can  
feel it.

We'll win for  
sure! Just wait  
and see.

Please take a look at this  
product, don't think it's  
perfect?

Since the clothes are thin  
during the summer these  
non-showing leggings are  
the best.

Ah,  
yes.

No... They're doing it themselves...

SHOJO GAKKEN COMICS

For today, we'll finish up to the counter.

Then the major ones are pretty much taken care of?

That's right...

Then from tomorrow, you  
go to my father and help  
him with the designs,  
okay?

Okay

Yes, we should  
have a party at  
the opening of the  
store, right?

Sure. Do you  
have any ideas?

Ah! It's Officer  
Onai!

There's still  
much to do?

Yes, we're  
hurrying a bit.

You must be  
busy... but there's  
still enough time  
to rest and eat  
right?

Miss Hui-King, will  
you have dinner  
with me this eve-  
ning?

So... sorry, but as  
you can see, I'm very  
busy with this interior  
work.

But even if we're busy, aren't you still gonna eat?

Yeah... We're doing all this to see. You're not going to make us work without giving us meals, right?

None... Of course we're going to be eating -

Then, you can have dinner with Officer Chu, we can eat by ourselves.

No, then... Shuren... It's full gully -

Why? It's fine.

Tip me, don't really care.

Because everyone's saying that, let's have dinner together.

Officer Chu, that's...

Then, I'll come pick  
you up when it's  
time for dinner.

Yee-gaps... Really, it is weird  
that they really don't  
want to. Why  
did you-gaps do that?

Not want to? They  
don't like Goffen  
Goffen, right?

Hehehe. It's fine, I'm  
Kang. They're just playing  
the "not want to win  
over"...

Is there anything  
that looks delicious to  
you?

If there's anything you  
want to recommend,  
I'll eat that.

Mr...

You're Ohae leader including your surroundings, you're not without.

Qiao Wankun Qiao

Qiao

I just want to live a quiet life working in Engene like now.

I also want to keep on this life of living in Engene.

And I'm going to protect  
the life I've been living. I  
hope you'll really listen to  
me when I say this and  
don't think of this as a  
hoax.

There was something I  
really wanted to ask  
you.

Do you... hate  
me?

No...uh... Officer  
Choi, what I'm trying  
to say is that...

OH!

It's Hwa Kanggi  
and Officer  
Choi!

Ah, ah Ah, are  
you here to eat  
dinner?

Yep, someone  
recommended it to me  
that this place has good  
food and good atmo-  
sphere. So I thought of  
coming here.

I heard your
